

EndNote™

# Research Smarter, Not Harder.

Leave behind the tedious work of bibliographies and reference management. With freed up time and a central reference library to work from, you can truly collaborate with your team and take your research to the next level.

## Think global, work local

Share an unlimited reference library with a global team of up to 100

## Reduce your risk of rejection

Create perfectly formatted bibliographies and find the right journal match

## The right research at your fingertips

Save time finding full text and searching for saved references and notes
