EndNote X9

Research Smarter.

As a researcher, you are constantly juggling different roles, dealing with competing demands on your time, and coordinating not only your own activities in publishing research but also those of your collaborators around the department and around the world.

EndNote X9 is the reference management software that not only frees you from the tedious work of manually collecting and curating your research materials and formatting bibliographies, but also gives you greater ease and control in coordinating with your colleagues.

This means you can research smarter. How?

Smarter teamwork

- Share a library of references or just a portion with new **group sharing options**
- Manage team input by providing "**write**" or "**read only**" access to your library
- Track your teammates' changes and **view their activity** on your shared library

Smarter workflow

- Create and reformat bibliographies instantly in Microsoft® Word
- Search hundreds of online resources for references and PDFs
- Find full text for references in one click
- Read, review, annotate and search PDFs
- Create rules to automatically organize references as you work
- Keep your data accurate with automatic reference and link updating
- Build your bibliography with the latest reference types, including blogs, multimedia, and social media
- Ensure bibliographic accuracy with new **Refreshed Styles** to update references to key styles such as Chicago, ALA, MLA, and APA
- Access research from your desktop, online, or your iPad

Smarter insights – now powered by *Web of Science*

- Use **Manuscript Matcher** to get an informed list of best-fit journals for submitting your paper
- Determine the impact and relevance of a group of references through a **Citation Report** with a *Web of Science* subscription
